

## what about the turkey?

We have sold free-range turkeys from Misty Knoll Farm in Vermont since 1996.

They are \$4.89/lb, and run from 12 to 28 pounds. Boneless turkey breast is \$8.09/lb, and averages about 4 pounds.

Figure 1 1/2 lbs per person (raw weight) will give you enough turkey for the holiday meal, plus leftovers. So for 10 people, you'd look for a turkey around 15 lbs.

Turkeys are available in 4 size ranges:  
12-16 lbs 16-20 lbs 20-23 lbs 24-28 lbs

Turkeys grow at different rates; we aim to match your turkey to your requested size, but there may be some variation.
